

World Agroforestry Centre
TRANSFORMING LIVES AND LANDSCAPES

World Agroforestry Centre – Southeast Asia Regional Office Recruiting a Research Officer in Hanoi, Vietnam.

The World Agroforestry Centre (ICRAF) is one of a network of the Consultative Group on International Agricultural Research (CGIAR). As a global leader in agroforestry research and development, ICRAF's ultimate purpose is to improve human welfare by reducing poverty, increasing cash income, improving food and nutritional security, and increasing environmental resilience through improved agroforestry systems. ICRAF has its headquarters in Nairobi, Kenya and works in 21 countries throughout Africa, Asia and Latin America.

The Position

As a result of expanding work in the field of gender issues and CGIAR Research Programs (CRPs), ICRAF Vietnam is seeking a mature, open-minded, dynamic and energetic **Research Officer**. Under supervision of Vietnam Country Coordinator (CC), the Research Officer will assist ICRAF Vietnam country coordinator with the following tasks:

Duties and Responsibilities

The successful candidate will be expected to perform the summary tasks as follows:

1. Implement social science research including design, data collection, conceptual frameworks, literature reviews, analysis, and report writing, with close collaboration from senior scientist.
2. Arrange, manage and monitor collaboration with partners to carry out capacity building trainings, workshops, and researches.
3. Engage in project evaluation at project end.
4. Author or co-author research –based publications such as journal articles, working papers, and policy briefs.
5. Actively engage in exploring new funding opportunities for Vietnam and SEA region. The work will include concept notes and proposal development by ICRAF- Vietnam team together with regional and global scientists.
6. Engage in partnership and capacity-building: liaising with donor and government stakeholders and national partners for the implementation of the annual plan, as well as ICRAF operation in Vietnam
7. Assist in impact analysis of agroforestry research
